

## Full UL/FM range now available!

Viking is pleased to announce the release of its new Fireking grooved product range which adds to the broad range of Fireking valves, flex drops and hydrants.

The Fireking grooved range includes a full UL/FM range of couplings and fittings perfectly suited to use in sprinkler and water mist systems. These are available in a wide variety of sizes and with most items rated to 34 bar; and fully stocked across our European locations.

For further information on our Fireking couplings and fittings please visit our website: [www.viking-emea.com/Grooved-Products](http://www.viking-emea.com/Grooved-Products).

For more information, please contact your local Viking sales office or refer to the technical documentation.
